Thinking Out Loud

By H. M. L.

We hear much, pro and con, on the Atkinson Oil Control bill. It is Number 5 on the ballot about which, a week from tomorrow, November 7, everyone should make up their minds, and then go to the polls and vote. Ever since the state legislature passed the Atkinson bill as a last minute act in June, we have had a profound distrust of No. 5.

In the first place we distrust Governor Olson's ability to name a fair commission, intelligent and with a thorough knowledge of the oil business. He has so many political debts to pay, and has appointed so many lame, bedraggled, political ducks to office, that we just hate to think of that kind of a commission fixing the price of gasoline, that supplies the cars for every third person in California.

In the second place, the plea that the United States Navy wants the oil conserved does not strike us as valid when Standard Oil and other big fellows in the game are shipping almost as much oil to Japan as is being consumed in California. If the Navy were in earnest about conserving oil, it strikes us, something would be done to stop those shipments. If the Navy needs oil reserves surely from a patriotic American standpoint, all the oil crossing the Pacific should be held in the ground here in California.

Third, another thing that makes us distrustful is the fact that Standard Oil, the CIO and Governor Olson were all agreed that the Atkinson Oil bill is a good thing. The mere association of these three fills us with a terrible suspicion. The kind of oil control commission that would be born on that bed of strange bedfellows makes us nervous even to contemplate.

And fourthly, as the preacher saith, the proposed commission would have much the same position in controlling California's vast oil resources that the Railroad Commission now has in the public utility field. Now, when the Railroad Commission was first born, during the regime of Governor Hiram Johnson, it did a splendid work. But as time goes on, commissions of this kind get further and further away from the public, that is the consumers, and nearer and nearer to the vested interests. In fact the associations of the Railroad Commission are so largely with "big men" in big corporations that they undergo a subtle psychological metamorphosis. They gradually begin to look at corporations through the big end of the telescope, and to see the public, whose interests they are charged with guarding, through the little end. We have noted in Federal commissions to whom large powers are delegated, this same deterioration. It is a failing of human nature that only an alert, well informed electorate can overcome.

We are in favor of conservation of natural resources, of course. No one at all cognizant of the wastes of timber, pasturage, water, oil and gas in California, would not approve of any reasonable measure of conservation. But those engaged in the oil business are at odds as regards the Atkinson act, and the three midwives that attended the birth of this measure, are none of them noted for clean hands. In brief we would rather wait for a more auspicious moment, even though under the present system there is some waste of oil and gas, than to see Governor Olson appoint a commission and seat them at the state pie counter along with a horde of other tax eaters. These Olson men would be given power to put the little producers out of business, to eliminate competition in the oil business, and finally, just as sure as God made little apples, to raise the retail price of oil and gasoline in California. Our advice to our readers is: "Vote NO on No. 5."

In this advice we are free to admit our prejudice. We have never liked Governor Olson since he led the Ham and Eggers to believe he was for them and let them help elect him, and then repudiated them after election. We think that kind of thing is dishonest regardless of who does it. In common with the great majority of Nevada County voters we have observed the CIO at close range, close enough in fact to have gotten a whiff of their aroma, and to us they smelled exactly communists. As regards Standard Oil, our memory runs back to the muck raking days of Roosevelt the First. We recall clearly that Ida Tarbell raked a tremendous amount of muck from that corporation, so much in fact that the Sherman Anti-Trust act was invoked and the old leopard gave birth to fine healthy lot of kittens. Members of this litter have grown up and so far as as we can observe each one is spotted just like the old 'un; not a spot is changed.

HAM AND EGGS WOULD HIT HARD NEVADA COUNTY

Nevada county will lose $160,000 in highway construction and share with Placer county an additional loss of $145,000 should Proposition No. 1 carry at next Tuesday's election, it was revealed through information released by the State Department of Public Works at Sacramento.

One Nevada county project is an allocation of $125,000 for grading and surfacing 2.2 miles from a point half a mile south to 1.7 miles north of Rattlesnake Creek on the Auburn to Grass Valley road, while the other is $35,000 for grading and surfacing portions of one mile on the Donner Summit to a point one-quarter mile west of Donner Lake.

Jointly with Placer county will be the loss of $75,000 for surfacing 6.3 miles on the Auburn-Truckee highway from Hampshire Rocks to half a mile west of Soda Springs, and $70,000 for grading and resurfacing 15.6 miles from Tahoe City to Truckee.

This work is listed on the major project schedule, much of it due to receive Federal aid funds to match those of the state. Warning has already been sounded by Washington that no Federal help will be forthcoming unless California puts up actual cash money for its share. Substitution of retirement warrants, or Ham and Eggs stamp-scrip will not be tolerated, according to advices from Sacramento.

Contractors have already served notice on the state that they will cease work immediately should the 30-Thursday scrip be tendered in lieu of cash. This situation applies to all construction work alike, whether falling within the Federal aid provisions or otherwise.

Abandonment of this work by the state would spell irreparable loss to not only the immediate communities affected but to contractors and the workers who have been looking forward to the early expenditure of the money in this and neighboring counties.

Not only would cancellation mean a heavy economic loss but would be a severe blow to the untiring efforts of civic leaders who managed to have the California Highway Commission consider them in making up the current budget.

THRONG HEARS NEGRO CHOIR

The Ladies Aid Society of the Methodist church are sponsoring a concert Thursday evening. Jack Gilbert and his Cornish choir of Grass Valley will sing. Several local persons will also be on the program which starts at 7:30 in the evening. The meeting is free but a silver offering will be collected for the benefit of the church. The Methodist church was filled to capacity Sunday by the throngs who gathered for an excellent sermon by Rev. D. Ralston and to hear the negro choir from Oak Park.

Mrs. A. H. Haddy returned home Thursday night after a five months visit in the east with relatives and friends. Her mother, who accompanied her, remained in the east for the winter.

C. E. BOSWORTH'S FATHER SUCCUMBS IN OAKLAND

C. E. Bosworth left this morning for Oakand having been called there by the sudden death of his 85 year old father Robert Bosworth last night. DEBT SERVICE $2.74 PER CAPITA IN NEV. COUNTY

Debt service in Nevada county, payments for interest and redemption on debt owed by the governmental units in the county, cost an average of $274 for each man, woman and child in the county, or approximately $11 for each family of four, according to a study of debt payments in California counties for the year ending June 30, 1938, recently made public by California Taxpayers' association.

Total debt payments in the county amounted to $47,338 the association found. Of this amount, $4,176 went for interest and $9,700 for redemption of debt of the municipalities in the county; $14,113 for interest and $10,750 for redemption of debt of the school districts; $4,799 for interest and $3,800 for redemption of special and assessment districts. Debt payments for irrigation, reclamation and other special districts not reorted to the state controller, were not included in the study, the association stated.

The county ranked 43rd from the highest in debt payments per capita, the association found. The ten counties with the highest per capita debt payments were Colusa, Orange, San Diego, Santa Barbara, Sacramento, Contra Costa, San Mateo, Ventura, San Joaquin and Sutter. Mono county showed no payments for debt service for the year included in the study; Plumas, 23 cents per capita; Sierra, 38 cents; Amador, 42 cents; Trinity, 43 cents; Tuolumne, 96 cents, the association stated.

"The payments for debt service shown by this study are only those for the local governments within the county," the association declared. "They do not include the tremendous costs of the debts of the state and federal governments—all of which must come out of the taxes paid by the people. Every proposed bond issue by any local government should be considered, not as an isolated proposal but in light of the outstanding indebtedness and the cost of debt service which must be paid for all the governmental units in the area affected."

BUCK, 6 POINTS, BREAKS ITS FOOL NECK ON AUTO

Mrs. J. M. Innes received quite a shock when driving along in her car on the Tahoe Ukiah highway a huge six point buck charged her machine jumping down from a steep bank and breaking its neck against her car. Mrs. Innes felt a bump but gave it no thought until her daughter screamed. They stopped the car and stood helplessly viewing the big creature in the highway when Mr. Smith, Tahoe national forest service official came along and bled the buck. It was then removed to the county hospital where the inmates are having a feast of choice deer meat.

Mrs. Innes car was damaged by the impact of the buck and it was left at a local garage for repairs.

HIGH SIERRA SHELTER HUT DONE JUST IN TIME

Frank Baird and Harold Dondero almost had to use for its intended purpose a shelter hut which they have just constructed in the French Meadows country for the Tahoe national forest and State Division of Water Resources. They had just given it the final touches when the surprise storm of October 24 deposited eighteen inches of snow in their front yard making it impossible for them to drive their automobile. A forest tractor was sent in from Forest Hill and broke the road for them to get out. Acting Forest Engineer G. E Mitchell says that by the addition of a cupola, it will take a snow fall of twenty one feet to block the "front door" of the hut.

MOUNTAIN LION ENTERTAINS TWO NEV. CITY LADIES

Mr. and Mrs. Ray Wilde and son and daughter encountered a mountain lion on the highway near Depot Hill last Sunday when returning from a visit with Mrs. Wilde's mother and other relatives in Sierra City. Miss Gertrude Wilde was driving the car when she saw the lion crouched up on the steep bank ahead of the car. It jumped down in front of them and ran along the highway for a short distance and then jumped back up on the bank. They were quite shocked at the nearness of the big cat and its lack of fear. At Nevada City Wilde notified J. Bruce, the state hunter.

TWO HORSES ARE SOLD $15 EACH TO SATISFY DEBT

Constable William Jeffrey called until he was hoarse this aternoon selling a span of grey horses in front of the Nevada county court house. There was a small crowd out to see the sale.

The sale was the outgrowth of a case where Glen Cook, owner of the horses, held a contract with the late Jake Zanocco for peeling poles. When the contract was completed he received the money and left without paying two hired helpers. F. E. Green and John Harmon.

After considerable auctioneering the two horses 8 and 10 years old, were sold to Harmon for $15 apiece. Cook owed the two men $121.50. Some other material at the camp was to have been sold also, a portion of it being canned goods.

THREE CHARGED WITH CHISELING ARE SENTENCED

Three Nevada county relief chiselers, apprehended last week by J. E. Barton, special investigator for the state controller's office, appeared in court today and pleaded to charges of petty theft, and falsifying relief applications.

Jesse Whitmore of Purdin's Bridge on the South Yuba river was given a 90 day suspended sentence effective provided he pays the state back $112 in relief checks that he received illegally. He appeared before Judge W. L. Mobley.

Ray Casner of You Bet, charged with falsifying his application to procure relief and petty theft was sentenced by Judge Charles Morehouse of Grass Valley to 60 days in jail on each count. Casner and his wife sold approximately $1200 in gold in the last two years and during that period received $290 in relief funds. Casner failed to disclose his sniping activities when he applied for state aid.

Donald A. Wheeler formerly of the Lava Cap and Zeibright mines, was brought from Jackson, Amador county, for failure to pay the state money that he received illegally. Wheeler was arrested last February and was directed to repay $266 in lieu of a jail sentence. He paid $10 at that time and then went to Jackson. No payments had been made since so he was returned here and sentenced to 90 days in jail.

According to Barton, other cases are under investigation in this area. State Controller Harry Riley is endeavoring to curb the practice of relief clients receiving funds under misrepresentation and to strictly enforce the regulations requiring the reporting of incomes.

DEATH SUMMONS WM. H. BRAY

Many friends of William H. Bray were deeply shocked when they learned of his recent death in Reno. He suffered a paralytic stroke about the first of the month and was taken to a Reno hospital for treatment.

He was well known in Nevada City, having been engaged in mine operating in the early 1900's. He was superintendent of the Posey mine in the Willow Valley section. Later he went to Nevada and operated mines there. He was credited with the discovery and opening up of the big mines at Ely.

News of his death was received from William Bray, son of the deceased who passed through Nevada City enroute to his home in Eureka, California after attending funeral services in Reno.

Sheriff Carl J. Tobiassen and group of hunters with whom he hunted this deer season are giving a buck stew in Odd Fellows hall tonight. Mr. and Mrs. Nye Johnson and Mrs. Johnson's mother, Mrs. W. E. Young, returned Friday evening from a delightful visit in the bay district.

Dan C. O'Rourke, retired police lieutenant of San Francisco, is visiting Mr. and Mrs. Dennis Coughlan in Nevada City. He is an old time friend of the Coughlan family and came up recently to attend the funeral of the late George Coughlan at Columbia Hill.

S. Lee Leiter is leaving for Oakland to visit relatives and enjoy a vacation.

Bill Tobiassen will sing on the Jack Gilbert Cornish Gold Miners program tomorrow evening and again on November 16 in the Methodist church in Grass Valley. He is accompanied by Miss Roelene Shearer.

"Ham and Eggs" Nick Business

(San Lorenzo Valley Journal, August 18)

A "Ham and Egg" truck came through the valley a few days ago to stir things up.

At the same time business men and merchants were solicited for funds to aid a cause that can only lead to economic destruction for California, all its business and all its people if the plan succeeds.

Mostly—practically—all those solicited made donations, even though they are opposed to the crack-pot scheme. The inference in all such solicitations is "you must be with us." The implied threat is that loss of business from adherents would result.

This newspaper knows that opposition to the scheme can cost money in lost business. Last year we expressed our opposition when the proposition was up for vote. We lost subscribers.

We expect to lost some more—not so many this time, but we would hang our heads in shame if we kept silent against a scheme such as this that would so vitally affect a great state and all its people.

The trouble with business, the trouble with the nation, is that too many of us cower in fear and keep silent while organized minorities lead us to destruction. Unless backbones are stiffened, and unless all of us fight for principal, we are doomed as a nation.

Otherwise Fascism or Communism is just around the corner. Both are hideous to contemplate. The middle class is being wiped out as it is. Special privilege is for the rich and for the poor. The middle class pays and suffers.

And we will say also that unless the middle class—those where the pocketbook of every citizen is painfully flattened, thouand dollars a year—will fight for their rights—we middle classers deserve to die.

HIGH SCHOOL NOTES

By BARBARA PHARISS

Miss Margaret Rector, advisor of the California Scholarship Federation, has announced the students who attained honor in their school work for the first six week period.

There were only four students on the C. S. F. roll. They are Patricia Arbogast, senior; Mary Innis, James McCraney, juniors; and Helen Yuen, freshman. Ten points are required for the C. I. F. an A counts three and a B one.

The ten point honor roll requires 10 points likewise. A is 3 points B is 2 points and C is one point.

The students who made these grades are: Adrianne Barnhart, senior; Betty Krough, Patricia Presley, Thema Waechter and Jack Neal, juniors; Elizabeth LaValley, Robert Farmer and Ella Yuen, sophomores; and Amy Chan and Robert Elkus, freshmen.

ASSEMBLY

The regular assembly of the Nevada City student body was held Friday morning. Mr. Moore of Auburn played several selections on his harmonica.

After this tryouts for yell leaders was held. Those who tried out were Bettie Olsen, Violet Saga, Doris Rosynski and Bill Hullender. Bettie Olsen was unanimously elected and will appoint her assistants. She was given a school yell leader's letter.

Tryouts for song leaders were held and Jane Bennett and Margie Keckler were appointed. A short pep rally was held.

YELLOWJACKETS WIN! WOW!

The Nevada City Yellowjackets left Saturday for Roseville determined to win back the game which they did very successfully in a close game. The final score was 7 to 6 in our favor. This is the first game the boys have won this season, and the first in two years also. Roseville made their touchdown early in the second, and the 'Jackets scored in the third quarter. The conversion was made and the score remained 7 to 6, the 'Jackets holding their ground well in the last quarter.

The starting lineup was as follows: Ends, Martin and Strach; tackles, Coughlan and Angelini; guards, Ponticelli and Roberts; center, McCartney; halfbacks, Schmidt and Joyal; quarterback, Davis; and fullback, Williams. Engstrom, Mitchell, Phillips and Muscardini, all saw action and played a good ball game.

The next football game will be played on the local turf November 3 with the Sacramento Chinese.

BASKETBALL

The Nevada City "C" basketball team played their second game at Roseville, against the Roseville "C" team. Nevada City lost, the score being 5-16 Leanord, Sigourney, Smith, Gregord, McMarthy, Odgers and Elkus all played.

The "C" team lost their first game last Thursday with the Grass Valley high school Miners. The score was 17 to 4. Clifford Horn, a member of the faculty, is coaching the boys.

Mr. and Mrs. George Hill of Napa visited their sons, Donald and Cledith Jones, in this city over the week end.

"What a beautiful new floor lamp!"
"Yes, it is amazing how it changed my whole living room!"
When you buy a lamp for your home, make sure it will be able to produce enough light and the proper kind of light for comfortable seeing. Such a lamp is pictured here. Note the three important essentials of this I.E.S. Better Sight Lamp. And if you will remember these three points you will be getting a lamp that gives you your money's worth in proper lighting. It is a real pleasure to read and work by the light of a lamp that gives enough of the right kind of light. You will be delighted, too, how it will make a room glowingly radiant and beautiful.
A three-light bulb big enough to do a real lighting job. 100-200-300 watts for the average room. 200-300-500 watts for rooms with high ceilings.
A diffusing bowl under the shade provides pleasing light—softly diffused and without glare. Diffused light is comforting to the eyes.
A shade with a white lining produces one-third again as much light as one with a dark colored lining. Ideal reading light at all times.

BURNS RUNS FOR SENATE IN NEW FILM

"I nominate Bob Burns for Senator!"

Those words, spoken by Joseph Allen, Jr., at the State Convention in "Our Leading Citizen," colorful new Paramount drama dealing with a contemporary American problem, opening Tuesday at the Nevada Theatre bring the picture to a climax which should please Bob's admirers.

For Bob, cast as a lawyer in a thriving American city a man who believes in the American way of living and practices it, certainly earns the nomination in view of the events which provide it.

The story of the picture—written especially for Bob by Irvin Joseph Allen as his junior law partner. Bob is especially glad to do so because the young man's father and grandfather before him have been members of the firm. Bob's daughter, Susan Hayward, is just as glad as Bob is that Allen is back after practicing law in New York.

Allen proposes that he and Bob become counsel for the town's leading industrialist. Although Bob points out that the industrialist has been cutting corners to make money, the young man is insistent, and Bob gives in.

Gerald Hogan, jharmacist of Oakland, motored to Nevada City Sunday and remained until today visiting his mother and sisters.

Mrs. Al Sommers supervisor of Nevada City exchange, attended telephone employees meetings in San Francisco and Sacramento last week. Her husband accompanied her to San Francisco for the two days and returned while she remained over in Sacramento.
